

26th Legislative District WEA PAC Candidates Need You!

In order to be successful in Olympia we have to have people in office that believe in the work we do, not candidates that want to put us down and say we aren't doing enough. That is why these three WEA PAC recommended candidates - Nathan Schlicher, Larry Seaquist, Derek Kilmer and one of our own, Judy Arbogast, need your help to get to Olympia.

October 18th educators will take over the town and spread the word about these amazing candidates. We will convene at Slaughter County Brewing in Port Orchard and then head out with a partner for a couple of hours of doorbelling.

Let's show them that we believe in their leadership and will be counting on them in the upcoming legislative session.
